Dear Mr. Sampson:

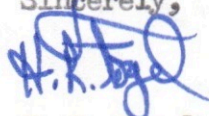

This confirms your reception of WINH on Sunday morning, May 24th.

In your letter you stated that Highway Reports was broadcast by us. We carry that program from the SC Highway Dept, but it is heard at a later time period. You might have received "cross-talk" from WQXL in Columbia, S. C. which is on our same frequency.

WINH signs on with 500 watts pre-sunrise and boosts to 1,000watts at sunrise, which is 6:15 this month.

For a market of this size we are quite proud of our station's sound and format. I too, wish you could have heard us for a longer period of time.

It was good hearing from you.

Sincerely,

H. R. Fogel
General Manager
