2 June 1972

John Sampson  
Cedar Lake Ct - Rt 2  
Kernersville, NC 2784

Dear John:

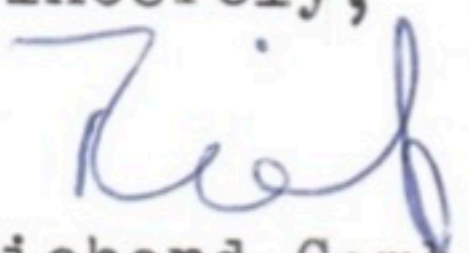

This is to confirm your reception of WKEN Radio  
Monday 29 May 1972 from 12:21 to 12:25AM.

At the time of your reception, WKEN was conducting  
a frequency deviation check with our monitoring  
service in Washington, D.C.; we were using our daytime  
(non-directional) pattern, 500 watts power.

Enclosed please find a copy of our calculated coverage  
contours for primary service area day and night patterns.

Thanks for listening!

Sincerely,

Richard Gamberg  
Chief Engineer
