Dear John;

This is to confirm your monitoring of Radio Station WKLP on the morning of March 24, 1971. We were just a little bit surprised to get your letter since you picked us up when we were only putting out 500 watts. We are 500 pre-sunrise and 1,000 daytime. I'm sorry but we dont have a coverage map aviabile but I can assure you that it wouldn't go normally anywhere near you. The letter head pretty well indicate~~s~~ our coverage area. We do presently have FM in the planning stages but we wont have it till fall. Thank-you very much for your time and if you are ever this far North feel free to pay us a visit.

Sincerely yours,

Roger L Ruff
