Mr. John N. Sampson
4148 Wycliff Drive
Winston Salem, N. C. 27106

Dear Mr. Sampson:

We appreciate your letter of reception of W.N.E.X. on Monday the 11th of January.

I had to check the transmitter log as to time though, as I had just completed our annual Proof of Performance Test as required by the FCC, and thought perhaps you were wrong. After checking our log, I found the test was completed about 2:17 A.M. and it was therefore possible that you receive us at time mentioned.

Your description of selection and news times coincide with our announcers log, and therefore you may use this letter as confirmation of reception at time and date given.

W.N.E.X. operates 24 hours a day, 365 days a year, 1000 watts day and 250 watts nite. Thank you again for your report.

Sincerely,

MACON BROADCASTING COMPANY
