Dear John:

As far as I can tell from your listening report you were tuned in to WPXY on Saturday 23 May 1970. Since I was on the air at that time I remember giving the weather report and announcing the Graduation Salutes.

Thank you for requesting confirmation as we will put a copy of your report in our files for license renewal.

If I can be of further help please contact me.

Sincerely yours,

*William T. Seamans*
