Dear John:

I am pleased to verify your reception of our radio station on the morning of Wednesday, March 3, and will say that your report was accurate and was substantiated by our Program Log for this date.

I might add that, in my younger (much younger!) days that DXing was my hobby also and many sleepless nights were spent by me, searching the BC band and there has never been any greater thrill experienced by yours truly than logging some distant, low-power station!

Thank you for your very fine reception report.

Sincerely yours,

WHITFIELD BROADCASTING CO.
