Dear Mr. Sampson:

Thank you very much for your nice letter. This will verify your reception of our AM station on Thursday, November 28, 1968.

For your information, we operate also on 104.7 mhz on FM, with 14,000 watts, and have had some very remarkable reception reports from as far away as Florida to the south and Minnesota to the north and west. Our FM is on the air until 11:15 pm nightly except Sunday, when it signs off at 10:15 pm.

We are enclosing a coverage map which gives interesting information about our station and the area we serve.

Sincerely,

W. L. Willis, Jr.
