Mr. John N. Sampson
4148 Wycliff Drive
Winston-Salem, North Carolina 27106

Dear Mr. Sampson:

All of us here at W T R Q wish to thank you for your reception report. It was correct and most helpful as we were interested in learning about our signal quality and strength. We were running 10,000 watts on this test.

We are sorry to inform that a coverage map and antenna pattern are not available at this time.

Very truly yours,

Clay Scott
Chief Engineer
