

WTTI; Dalton, Georgia; 1530 kc/s:

Dear

*John*

We are very happy to confirm your reported reception  
of W. T. T. L. Radio on *Dec 8 1969*.

A brief word about our operation. We operate on  
1530 KCS with 10 KW Sun-up til Sun-down. We use a two  
tower directional array. DA OH first and last two hours  
of each day and in between DAD. We have been in operation  
for about four and one-half years.
