Dear Sir:

This will confirm your reception of WTZE on 11/27/68. I am somewhat amazed at your reception of WTZE in view of the close proximity of WBIG. You must have a very effective antenna. The program heard after the 9:35 news was a daily devotional, and sometimes the ministers do not talk as loud as our announcers. Anyway, thanks for tuning us in, stop by and visit if you're ever up this way. (You may be interested to know we are 2,570 feet above sea level.)

Yours very truly,

Garland A. Hess
