

# WVCG / 1080

November 19, 1968

Mr. John Sampson  
4148 Wycliff Drive  
Winston-Salem, NC 27106

Dear Mr. Sampson:

This is to verify reception report wherein on the 11 of November, 1968, from 5:15 PM to 5:30 PM, Eastern Standard Time on 1080 kcs. you heard newscast and announcements, which were correct.

We are required by the Federal Communications Commission to reduce our power from 10,000 watts to 500 watts at local sunset.

We are directional twenty-four hours a day, using five towers.

We are always interested in hearing from distant points reporting reception on WVCG and are pleased to comply with verification.

Thank you, Mr. Sampson, for contacting us.

Cordially,

RADIO STATION WVCG

Earl Miller  
Chief Engineer
