Dear Mr. Sampson:

This letter confirms your reception of our station on Jan. 16. WZAP operates with a power of 10,000 watts with a 22 year old Ratheon transmitter. The antenna is a 280 foot guyed vertical tower.

WZAP are the call letter of the new ownership of a few weeks of the old WCYB-Radio Station.

Thank you for your interest.

Yours, truly,

John Faniola
Chief Engineer
