DOTHAN, ALABAMA

1000 WATTS FULL TIME

September 10, 1974

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha, Nebraska 68107

Dear Mr. Wesolowski:

This letter is in reply to yours of July 8, 1974 regarding reception of W A G F on that date. Sorry we didn't get the original-the mails are not dependable these days.

WAGF is the 6th oldest station in Alabama, signing on in Troy, Alabama in 1932. It was moved to Dothan, Alabama the latter part of 1933 and has been operating here since that time. WAGF operates with 1 Kw. day and night. At night a three tower directional array is used.

WAGF transmits each third Thursday of each month from 2:00 AM to 2:15AM CDST for our monthly frequency checks. KELO may interfere with your reception at that time.

One thing puzzles me about your report. WAGF has no connection with WOOF-FM.

Let us hear from you again.

Sincerely,

Julian C. Smith
