1360 ON YOUR DIAL

November 12, 1961

Ernest J. Weselowski
Omaha, Nebraska

Dear Sir:

Many thanks for your report of reception of WMFC on Thursday November 2, 1961. This is a regular test here at WMFC, coming on the first Thursday of each month from 1:00 A.M. C.S.T. to 1:15 A.M.

At the present time I am out of coverage maps but hope to have some in a very short time.

Our tower is 214 feet tall and is guyed. We use a Collins 20V transmitter with a power of 1KW. Our transmitter is located on highway 21 between Monroeville and Frisco City. The studios is located at 138 S.Mt. Pleasant Avenue in Monroeville, Alabama.

Again many thanks for the reception report.

Harold Harris
Chief Engineer
