Dear Mr. Wesolowski:

This is to verify your reception of our station, WOWL-AM, in Florence, Alabama, on Friday, November 3, 1972 from 12:53 a.m. to 1:12 a.m., CST.

We're delighted to learn that you were able to pick up our signal and that the readability was as high as 75%.

I am enclosing a coverage map showing signal range in our area and we'll be interested in hearing from you again when "THE BIG 1240" makes it's way into your home once more!!!
