

# KAAY RADIO

Dear Mr. Wesslowski

Enclosed you will find KAAY's verification card. I am sorry but I have no OLD KTMS letter-heads.

KAAY's studio is located at 8th + IZARD STREET Little Rock. The transmitter is at WRIGHTSVILLE, ARK A Little Town Appx 12 miles from Little Rock on Highway U.S. 65 south -

I am sorry you never got an answer from old KTMS. I don't know anything about your 3 other letters. The station changed hands last fall, could be your letters just got lost in the confusion.

There was a big change over in Personnel during that time. We hope you will forgive<sup>us</sup> and we thank you for the reports.

our pattern is a figure 8 at night, max sig 342.5 degrees + 162.5 degrees. TRUE NORTH -

"OLD" KTMS WAS AN OLD ARK station, going on the air in the 1920s, I was with KTMS for about ten years.

Best Regards, Felix J. McDonald  
Chief Engineer.
