Dear Mr. Wesolowski:

Thank you for your reception report of Wednesday April 17, 1974.

Our technical plant consists of 165 foot antenna - Marconi, 20 V Collins.  
1,000 Watts, pre-sunrise 250 Watts. Our board is Gates President.

Our transmitter site is:

North Latitude 34° - 46' - 20"

West Longitude 92° - 15' - 19"

Regarding the KDXE request, since the station has changed hands and  
call letters, there are no records available for the specific time you  
mentioned.

Thank you for the cup of coffee, and for catching us.

Cordially,

KEWP RADIO 1380
