Dear Mr. Wesolowski:

Thank you very much for reporting the reception of our station on May 8, 1972. Your report is correct. On that date we signed on at 5:58 a.m. CDT with a power of 500 watts non-directional under Pre-Sunrise-Authorization. At 6:15 a.m., we switched to full power, 1000 watts non-directional. I am sorry that you did not receive an answer to your previous reports. Since then there has been a change in engineering personnel. I have enclosed a coverage map of our station.

Sincerely Yours,

J.W. Tucker
Chief Engineer
