Dear Ernest:

This letter is confirming the fact that you did hear KTHS when our frequency test was being given on the 24th day of September, 1973.

I am sorry to be late in answering your letter, but wanted to wait until we receive more coverage maps.

If you are down this way I invite you to visit the station and the other points of interest which we have. Some are

Saunders Gun Museum, ran by the City and one of the finest.

The Great Passion Play, Eureka Springs, open until labor day.

Silver Dollor City, near Branson, Mo. and

Dog Patch, USA, 11 miles south of Harrison, AR.

Come visit us.
