Dear Mr. Wesolowski:

I am happy to verify your reception report of November 13, 1962. Sorry for the delay, but Christmas seems to have thrown us all a little behind.

Your report seems to be entirely correct with the exception of the spelling of my last name which is understandable.

KWRF studios are located one mile north of Warren at the same location as our transmitter, which is a Gates 250 BCGY. Our tower is 250 feet tall.

Thanks for your letter.

Sincerely,

A handwritten signature in cursive script that reads 'Paul Demaree'.
