the beautiful
place to be.....

December 23, 1977

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha, Nebraska 68107

Dear Ernie:

Fancy meeting you again, I must say you're quite proficient at getting those Arizona log entries.

Thank you very much for you reception report of KSGR Radio from Scottsdale, Arizona. Please note the verification statement below:

This letter will serve to verify your reception of KSGR, at 1440 kHz on Thursday, December 15, 1977 from 1714 to 1715 MST. The information you provided us was indeed correct.

Many thanks for your interest Ernie, and should you need a verification from the old KTUF (now KNIX AM) please send me your old reception report, the engineer at the time was pretty casual about answering those reports. I will be more then happy to do so.

Happy New Year!

Sincerely;

A handwritten signature in cursive that reads 'Cliff Reno'.

Cliff Reno WB7DKS
Engineer
KSGR/KDOT Radio

CR:kla

1440am

The logo for KSGR, featuring the call letters 'KSGR' in a large, bold, dark brown serif font. To the right is a stylized yellow graphic of a radio receiver.
