Kynd Friend Ernest:

It is a .pleasure again to confirm your reception of KYND, this time at 5:42 p.m., on January 22, 1962.

We are happy to hear that reception this time was improved over your previous report. We are making adjustments and adding equipment regularly in an effort to improve our signal.

Presently, we are awaiting FCC authorization to increase power to 50,000 watts--which should make an appreciable difference, and we'll be most anxious to hear from you then.

With Kyndest wishes to you!

Dick Gilbert
