Dear Sir:

In regards to your enclosed question on verification of station KHUM

in 1965. The station has not been on the air since may of 1967.

Recently I purchased the stations equipment and assets. The station is going to remain off forever; In cleaning out the files I did see a report and engineers test for the date you requested. Also the file contained many inquiries in regards to this test. Of the ones in file most were answered. I hope this will serve as confirmation of reception.

I was employed by the station from fall of 1965 till we closed operation.

My title was operations manager. At the moment I am unable to locate a coverage map. My business has assumed the for Khum mail box.

If you have any further questions of I can be of service I may be contacted at the Letter head address.
