Ernest J. Wesolowski
1416 Pasadena Ave.
Omaha, Nebraska 68107

Dear Sir:

I am sorry that we have not answered your earlier letters.

I would like to thank you for the signal report on November 25, 1973.

In your letter you mentioned that I had talked to Carl (Skip) Dabelstein of Lincoln, Nebraska over the phone concerning a Test after midnight. I know of no such conversation. Are you sure about it?

This is an interesting hobby that you have. Could you tell me more about it, and how many members there are nationwide? Also do you sent letters to Ham Radio operators?

Sincerely yours,

Thomas H. DeBacker
Chief Engineer

P.S. I did not have an extra coverage map. Our main coverage Area is from Castle Rock, Colo to East Denver to Fort Collins, Colorado. We are Spotty in downtown Cheyenne during the daytime. Transmitter power is 1000 watts.
