Dear Mr. Wesolowski:

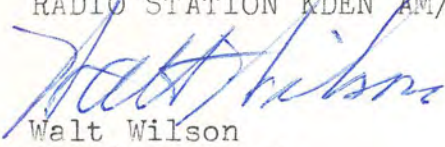

We are most happy to verify your reception of KDEN on the evening of October 7, 1962, from 11:02 PM to 11:21 PM. Your report checks with our log of that date.

Your comments on reception of our FM during your trip over Trail Ridge Road last July are also most interesting.

Please visit us again the next time you are in Denver. We are planning a completely new building immediately in front of our present building, perhaps we will have it completed by the time you are next in Denver.

Thank you for your letter.
