Omaha 7, Nebraska

Dear Sir:

This is in answer to your Reception Report No. 62-107-F/up dated October 17, 1962.

KGHF operates with 5 KW non-directional day-time operation, 1 KW night time operation. At the time you visited the station we were operating with a Gates transmitter (a real dog) now we are operating with an RCA Transmitter Type BTA-5T, with 92.5 efficiency.

I am sorry that your previous reception report was misplaced. At this time we are out of Coverage Maps. I hope that sometime in the near future we will be able to mail you one.

Sincerely yours,

Tony Mejia  
Chief, Engineer  
KGHF

*35th Year of Service to Southern Colorado*
