Dear Sir;

This will confirm your report of reception of KIUP, on Sunday November 18th, 1962 while making a frequency check with the Commercial Radio Monitoring Company, Lee's Summit, Missouri.

Time of the broadcast from 12.04AM to 12.09 MST.

Unfortunately we are in rather short supply of KIUP coverage maps at the present time.

I am enclosing a couple of promotion pieces used by the station, which although outdated may serve your purpose.

Sincerely

Frank Toomey
Frank Toomey

good luck in your Dxing.
