Dear Mr. Wesolowski:

Please let this letter serve as a letter of verification of your reception report dated Dec. 20 1972. WTYS radio operating on 1340 KC was indeed broadcasting a frequency check from 3:06 til 3:15 A.M. CST. The tone you heard was a telephone dial tone, and the format listed in your report coincides with the one broadcast on that evening.

I have enclosed a copy of our coverage map for your inspection.

Sorry your earlier inquiry was not answered.

Respectfully yours,
Richard H. Tate
