Omaha 7, Nebraska.

Dear Mr. Wesolowski:

Thank you for your report and tape of KPOA. We are always glad to hear from distant listeners. Sorry, I cannot give you an accurate coverage map as we only shifted from 630KC with 5,000 watts to 650KC and 10KW on April 1st of this year and as yet haven't compiled any coverage data either in the primary area or from a greater distance. However, it is plain that we are now being heard farther east and north than before. We have always been heard well in New Zealand, Australia and points south. Enclosed you will find an old 630 letterhead as you requested. We will also return your tape under separate cover.

Yours sincerely,

Bob Lang
