Mr. Ernest J. Wesolowski  
1416 Pasadena Avenue  
Omaha 7, Nebraska

This letter is to verify your report to us concerning our frequency check on Friday, September 16, 1960. Your letter was placed on my desk this morning and I am very sorry that it was not answered before this. I am the new Chief Engineer here at KDSN and there are numerous such letters that have not been answered.

At present we are using two towers with an 110 degree phase relationship, we are located one half mile south of Denison on U.S. Highways 159 & 4.

We wish to express our sincere thanks for your letter.

Very truly yours,

Lawrence A. Todd  
Chief Engineer
