Omaha 7, Nebraska

Dear Mr. Wesolowski:

This is to verify your reception of KDTH on November 8, 1961 from 12:31 to 12:45 A.M.

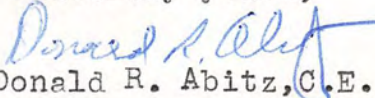

Yes, I know Len Kruse. He has been a friend of mine for a long time and is quite active in DXing.

KDTH night time pattern is in a northern direction to protect Toledo Ohio, Longview Texas and Butte Montana.

We are in the process of increasing power to 5000 watts and should be testing about the middle of January.

Thank you for the report.

Sincerely yours,

  
Donald R. Abitz, C.E.
