Dear Mr. Mesolowski,

This is to verify your reception of Station KFGQ  
at 6:00 a.m. Wed. May 15, 1963.

Our studios and transmitters are located in  
the east part of our Church at 924 W. Second St.  
in Boone.

We do not have a coverage map.

Our frequency measurement checks are made  
every three months, namely March, June, September  
and December, the first Monday morning in the  
month from 1:50 a.m. to 2:10 a.m.

Incidentally we weren't using a tape recorder at  
the time you heard us. It was an LP record.

I trust I have supplied all the information  
you requested.

Thank you for writing.

Yours truly,

Anne Reiffenstein  
Program Director
