Mr. E. J. Wesolowski  
1416 Pasadena Ave.  
Omaha  
Nebraska 68107

Dear Mr. Wesolowski:

I acknowledge your reception report of January 13, 1973. One correction, although slight in nature, should be noted at 1:43:30 PM. The correction is "Kelly Neff Program". I looked for your first report in my files only to discover it was not there. Thank you for your second effort. I'm sure you enjoy your Hammarlund HQ-180. It is a fine receiver which many avid SWL's would appreciate. Our main lobe is directed N.60°W. This would put you slightly south of the main lobe. Pleasant listening.

Sincerely yours,

Rod Hughes  
Chief Engineer
