Dear Sir:

We are sorry to learn that your first message to this station did not come to our attention.

Yes, the portion of our log you listed for the early morning of Thursday, Oct. 14th is correct. We were on 250 Watts at the time.

Enclosed, is an extra copy of our letter-heading; it will be easier for you to read the map.

Thank you for having written. It is hoped that conditions will enable you to continue listening to this station!

Yours truly,

David H. Hogendorn
