Tribune Station*

Des Moines 14, Iowa

August 10, 1962

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Mr. Wesolowski:

Thank you very much for your report of reception of KRNT Radio on August 7, 1962, from 7:48 to 8:03 PM CST on 1350 kilocycles.

I am sorry that you were unable to visit with anyone when you were in Des Moines last fall. I would appreciate it a lot if you would let me know when you are coming over again so that we can give you a tour of our studios.

KRNT Radio operates with a three tower directional antenna during the nighttime hours which begin at 7:15 during the month of August. We do not have a coverage map for our directional antenna operation, but for daytime, non-directional operation the pattern is circular with an average radius of 60 miles.

Thank you again for your report and I will look forward to seeing you the next time you are in Des Moines.

Kindest regards,

Charles F. Quentin
Chief Engineer
