Dear Mr. Wesolowski:

Thank you very much for your reception report of October 16, 1961  
at 12:40 AM.

Yes, we were making a frequency check with Lee's Summit, Missouri  
at the time.

KVFD operates on 1400 KC with a power of 250 watts; we are affiliated  
with the Mutual Broadcasting Network. Our studios are located in the Warden  
Building in downtown Fort Dodge. We have been operating since 1939. Our  
transmitter is located in southwest Fort Dodge. We are using a 650 foot TV  
tower for our AM operation. We effectively use 300 feet of the TV tower for  
an antenna.

Thanks again for your reception report.

Sincerely yours,
