Dear Mr. Wesolowski:

This is to verify the reception of WAP radio on Saturday July 13, 1963 at 1:06 AM. to 1:16 AM. This was during our frequency check.

I am sorry that I didn't answer your first letter but we are in the process of moving our transmitter and am very busy. I hope you will forgive me. Thanks for your kind report. I am enclosing a coverage map for you.

Very truly yours
