Dear Mr. Wesolowski:

Thank you for your letter of recent date reporting reception of WGN in Omaha on January 27th. This is to verify that the programs mentioned by you were transmitted by us.

For your information, WGN is a clear channel station operating on a frequency of 720 kilocycles with a power output of 50,000 watts. In answer to your question regarding our tone during the experimental period, our carrier power during this time is approximately 45 KW.

We appreciate the interest you have shown in WGN by writing us and will welcome further comments from you.

Very truly yours,

Carl J. Meyers
