DEAR ERNEST.

THANKS FOR YOUR LETTER AND REPORT. THIS LETTER WILL VERIFY YOUR RECEPTION OF WITY RADIO ON JUNE 9TH 1972 AT 12:57PM CST. WE ARE A DIRECTIONAL STATION WITH A NORTH SOUTH PATTERN AT NIGHT TIME AND DURING THE TIME THAT YOU RECEIVED US WE WERE HAVING PHASING PROBLEMS AND THE PATTERN HAD BULGED OUT AT THE 254 DEGREE MONITORING POINT. THIS MIGHT HAVE BEEN THE REASON FOR YOUR RECEPTION OF OUR STATION ON JUNE 9TH. WE ARE THE TOP STATION IN THIS AREA AND SERVE A LARGE LISTENING AUDIENCE.

I AM ENCLOSING A COVERAGE MAP AND THE FORMAT HAS CHANGED TO SOME DEGREE SINCE THIS BROCHURE WAS MADE UP. ALSO I HAVE ENCLOSED A COPY OF OUR LATEST SOUND SURVEY. WE ARE THE ONLY STATION SOUTH OF CHICAGO IN THIS AREA TO PUBLISH A SOUND SURVEY.

AGAIN THANKS.
