Beardstown, Illinois 62618

February 12, 1975

Dear Ernest,

Thanks for your letter reporting reception of W R M S. We always appreciate hearing from listeners, especially those from a distance. Your report is the farthest we have received.

We are a directional station with a two tower array beamed west. Our transmitter is a Gates 500 Watt and the towers are 200 ft. We are a daytime station on from 6.AM to 5 P.M.

Thanks again for your report and best DXing.

Sincerely,

*Arthur M. Zeck (at)*
