Dear Mr. Wesolowski:

This is to verify your reception report of our special Test Broadcast of W B R I AM RADIO on the morning of Monday, November 5, 1973, from 2:03 AM to 2:22 AM, Central Standard Time.

Thank you so very much for your time & interest in our station. Our studios and transmitter are located on the Northeastern part of Indianapolis. Our frequency is 1500 Khz.

Sincerely yours;

Mr. Tom Wallace, Manager

Ernest J. Wisolawski
1416 Pasadena Ave.,
Omaha, Nebr. 68107

*This verifies your reception
of WBRI on Nov. 5, 1973
from 3:03 - 3:22 AM, EST.*

Dear Ernest:

At long last I am able to respond to your welcome report of having received W B R I. Your description of what you heard and when corresponds to our log. Since we are oriented at 46 degrees and 226, it would be expected that we would be heard in the Southwest, but most responses are from the direction of Louisiana around to Mass.

It has been interesting to learn of the sophisticated gear that many are using.

Thanks, so much!

Sincerely yours,

Caryl D. Flood

Caryl D. Flood, Chief Engineer

P.S. I grew up at Newman Grove, Nebr. and listened to KOIL when it first came on the air. WNIR is now WNTS. I called there but the C.E. was not in. His name is Warren Fooks. Address is not changed; 4800 E. Raymond, Indpls. 46205. That station has changed hands twice in two years.
