Ernest,

Thank you for your reception report. I am happy to be able to verify your report of November 26, 1975 from 7:29 $\frac{1}{2}$ to 7:32 a.m. E.D.T.

I do apologize for the slight delay in returning your report, but since I also sell advertising, and this being the Christmas season I've been rather covered up. I was chief engineer here for several years before going into selling. We are currently without a chief so I've been pulling double duty.

Again thanks for your report, and hope the enclosed material will be of interest to you.

Sincerely,

Bob Simmers
