

January 24, 1964

Ernest J. Wesolowski  
1416 Pasadena Avenue  
Omaha 7, Nebraska

Dear Mr. Wesolowski:

This is a letter of verification for your report of reception of KNBI on Wednesday, January 22, 1964 from 5:25 p.m. to 5:46 p.m. Central Standard Time.

KNBI began operations Monday, October 28, 1963. We operate on 1530 kilocycles with 1000 watts of power, non-directional day-time only. Collins and Ampex equipment is used exclusively in the control room. Our transmitter is a Collins 20/V-3 1000/500 watter. Antenna height (overall) is 163 feet.

We were pleased to hear from you and thank you for your interest. We're sorry we can't send you a KNBI coverage map, but they aren't available at this time.

Sincerely,

Ernie Allen  
General Manager
