June 28, 1963

Dear Mr. Wesolowski;

Thank you for your letter telling us of hearing our frequency check Saturday morning, June 22, 1963.

We have a Collins 300 J2 with 185 foot antenna situated on a bluff overlooking the Big Blue River, a mile north of town. (250 watts, daytime only.) Our studios are located in town.

Thank you again for taking time to let us know you heard us. We are very happy to put a new pin in our map for your reception report.
