Dear Mr. Wesolowski:

Thank you for your letter of November 29th in regard to your reception of our station on Tuesday, September 25, 1973. This is to verify your reception from 4:58 AM to 5:32 AM Central Daylight Time.

It is good to hear that people listen to our station from such a great distance away. We would appreciate hearing from you from time to time, in the event that you are able to pick up our station again. Perhaps it will not be so many years before you are able to do so again.

We are sorry that your original letter was misplaced within our office, and hope that this will be sufficient verification for your files.

As you requested, a coverage map for KMLB AM & FM is enclosed.

Very truly yours,

Harold Riggie
Chief Engineer, KMLB Radio
