Dear Sir:

This will acknowledge receipt of your letter of November 10, 1962.

Your report corresponds with our station log and we are pleased to confirm your reception of our station on November 10, 1962.

You mention a report forwarded on January 30, 1960 with a 3-inch reel of tape. About that time there was a change of staff which could explain why you did not receive a verification.

I am very sorry but I have no extra coverage map available.

Wishing you a lot of pleasure and success in your radio activities, I remain

Yours sincerely,

Roland Brodeur  
Chief Engineer
