Dear Waam Listener,

This letter will confirm your reception of Radio Station W A A M in Ann Arbor. We are always happy to hear from listeners, near and far.

W A A M (Ann Arbor, Michigan) operates fulltime on 1600 kHz with 5000 watts days, and 1000 watts nights. We have six towers, using four daytime and three nighttime.

W A A M uses all new Collins and Gates equipment and operates from newly remodeled studios. Transmitter and studios are located together at 4230 Packard Road between Ann Arbor and Ypsilanti.

W A A M is Ann Arbor's and Ypsilanti's news station; sports station; music station; and number one station.

We hope you'll dial our way again and may we wish you continued best of luck in DXing.

Yours very truly,

E. Carney
Chief Engineer
