October 27, 1962

Dear Mr. Wesolowski:

Thank you very much for your infomative letter of October 1, 1962.

I hope this reaches you in time for credit for the contest. Your report was very complete as well as accurate. It is always nice to hear how well we are getting out. The National NC-183D is a fine receiver. I am well acquainted with it due to the fact I am an amateur radio operator as well as being in this business. My home call is K8CPJ---out of a little town name DeWitt, just north of Lansing, M₁chigan.

Yes. we were running a frequency check the night of the first and it was with a company in Detroit called Peterkin Radio Laboratories, with whome we have a sked for the first Monday of every month at 1:15a.m.

Hastings is located about 40 miles west of the capitol city of Lansing and about 20 miles north of the Cereal City, Battle Creek. I am enclosing some information about the county within which we are located.

Thank you again for the nice letter and I hope that if you are ever in this area, you will drop in and say 'hello'. In this time of this national crisis, I hope you will join with us in sincere prayer for our national leaders. Best 73/s

Sincerely yours,

Donald L. Roberts
