Dear Sir:

This is to confirm your finds of your letter of February 14, 1977. We did have a frequency measurement check on the fourteenth from 4:30 to 5 am.

Enclosed is a rate card. You are correct, we are a new station, 2 years old this past December.

Thank you for your interest in WJEB.

Sincerely,

A handwritten signature in cursive script that reads "John A. David".

John A. David
Manager, Chief Engineer, WJEB.
