Dear Mr. Wesolowski,

Thank you for the report of reception of KDUZ during our special DX broadcast. The results of this broadcast were quite disappointing since we received only 7 reports. Our tower (200') is located about $3\frac{1}{4}$ mile north of Hutchinson. We don't have frequency checks during the early morning hours as we are near enough to a measuring lab to be tested during daytime broadcasting. We do sign on at 5:30 AM so there may be a chance of reception before 6:00AM.

Yours truly,
